

# YOUR FUTURE BEGINS AT Lawrence Livermore National Laboratory

## Help advance world-class science and technology

### BUILD A CAREER IN:

- High performance computing
- Data sciences
- Computer science
- Information technology
- Cyber security

Work side-by-side with top scientists  
at our unique supercomputing center  
to make the world a safer place

**LLNL's  
Computing  
Principal Directorate**

is a unique organization with a rich history steeped in scientific discoveries in service to the nation. We're making the world safer by shaping the frontiers of high performance computing (HPC), artificial intelligence and machine learning, computer science, and information technology.

We strive for excellence by building multidisciplinary teams that leverage a broad range of skills, perspectives, experiences, backgrounds and ideas. Whether you're an intern, fellow, postdoc, or full-time employee, you'll work with top scientists and have access to facilities like our supercomputing center.

**Internships**
