'GLASSDOOR'S BEST PLACES TO WORK 2026

Lawrence Livermore National Laboratory

Work side-by-side with top scientists at our unique supercomputing center to make the world a safer place

LLNL's Computing Principal Directorate is a unique organization with a rich history steeped in scientific discoveries in service to the nation. We're making the world safer by shaping the frontiers of high performance computing (HPC), artificial intelligence and machine learning, computer science, and information technology.

We strive for excellence by building multidisciplinary teams that leverage a broad range of skills, perspectives, experiences, backgrounds and ideas. Whether you're an intern, fellow, postdoc, or full-time employee, you'll work with top scientists and have access to facilities like our supercomputing center.
